Project Address: _____

Owner's Name: _____ **Phone:** _____

Address: _____ City, State and Zip code: _____

Contractor: _____ **Phone:** _____ **Registration #:** _____

Address: _____ City, State and Zip code: _____

Requirements: City Code 9-7-2B requires that the Building department completes a site inspection prior to the installation of any fence within the city. Fences in the front portion of a residence are restricted to 3 feet in height with an exception for a 4-foot chain link fence so long as nothing is attached that limits visibility. Property Owners must establish property boundaries (usually provided by a professional land surveyor.) The city will not be responsible for any errors in locating the property boundaries. **Water meters must have direct access by gate or other method.** City Code 9-17-6E limits the side yard fence to 3-feet in height on corner lot within a sight triangle.

Have property lines been established? Yes No

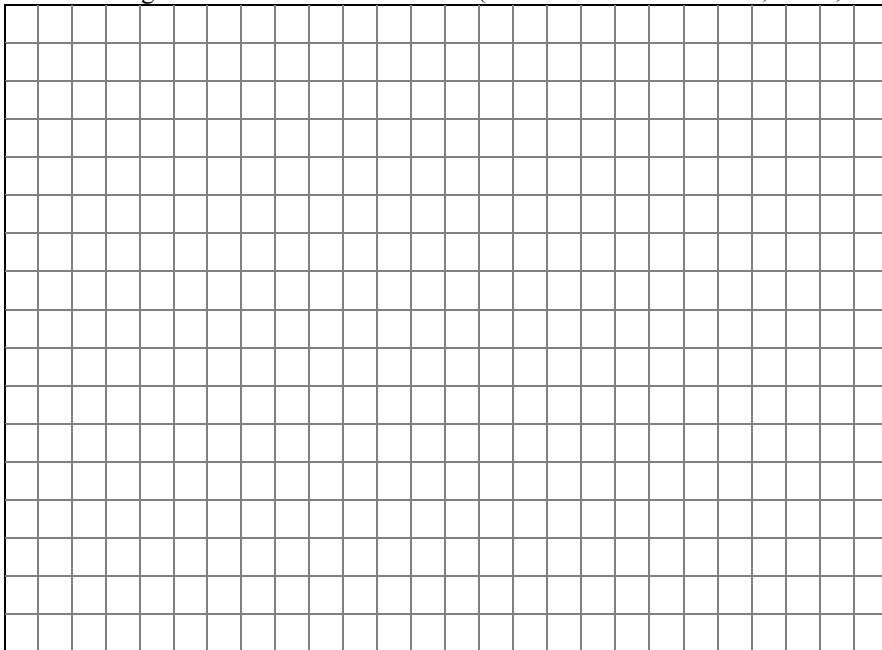

Idaho Code Title 55 requires that underground utilities be located prior to any digging. You must call DIGLINE, at 811, to locate any underground utilities, before a permit will be issued. This is a FREE service. Post depth must be 2-feet and cannot be set without a permit. Please call for inspection after ground has been marked.

Type of fence(s) to be installed

- 3 ft Cedar picket Total length _____
- 6 ft Cedar Total length _____
- 4 ft Chain link Total length _____
- 3 ft Vinyl Total length _____
- 6 ft Vinyl Total length _____
- Other _____ Total length _____

Official Use Only
